Simien Mountains National Park Trekking Map

## ● Itinerary

You will climb 🏔️ **Mt. Emet Gogo(3,926m)** 🏔️ **Mt. Innatye(4,070m)** 🏔️ **Mt. Ras Dashen (4,543m)**

**Gondar – Sankaber camp (3,250m) – Gich camp (3,600m) – Mt. Emet Gogo (3,926m) – Mt. Innatye (4,070m) – Chenneck camp (3,620m) – Ambiko (3,200m) – Mt. Ras Dashen (4,543m) – Ambiko camp – Chenneck camp – Gondar**

### Included:

- Cars to and from Gondar
- Guide
- Scout
- Cook and cooking materials
- Mule(s) and mulemen
- Camping tools: tent, sleeping bags and mattresses
- Park entrance fees
- Plenty food and bottled mineral water

### Day1: Gondar – Sankaber camp (Camp in Sankaber)

We will meet you in the morning at Gondar Airport or your hotel in Gondar. Drive from Gondar to Debarq, which is the headquarter town for the national park. We will stop here to get a permission to enter to the park and meet the scout. We will have tea and coffee break and visit the local market if we have time. The local market is open every day, and every Wednesday and Saturday is the big market day. From Debarq town, we will drive to the park gate, which is about 16km from the town. We will drive to the first area of the national park, where we start trekking. The starting point will be flexible depend on your interest and time. You will be rewarded with marvelous escarpment and different plant species. You will most certainly encounter troops of the endemic Gelada Baboon and see them up-close. You may also see clipspringer, bushbuck, different plant species and bird species. We will continue trekking to Sankaber camp where we camp the first night.

*The viewpoints when we trek before we arrive Sankaber, along the escarpment*

### Day2: Sankaber camp – Gich camp (Camp in Gich)

After a breakfast, you will set off trekking to Gich. It is about 15km, 7 hours trek. You will trek along the edge with stunning views over the foothills 800m below. The trail passes most vegetated area in the park through low bush of Giant Heather, Abyssinian Rose, Oliveria and Globe Thistle. You will most certainly encounter troops of the endemic gelada baboons and see them up-close. You may also see Klipspringer, bushbuck, rockhyrax in the steep rocky and wooded slopes. Leopards live around here and you may have chance to spot leopard. The highlight of the trek is Jinba waterfalls, an incredible 500m sheer drop, the longest fall in Ethiopia. From the viewpoint opposite, you will see the different vultures such as Griffen Vulture, Hooded Vulture, Whitebacked Vulture, Lapped- faced vultur [Back to top](#) gayer along the cliff. Lammergayer is one of the biggest bird prey in the world and feeds bone marrow. This area is best place for lammergayer to break the bone. This area is also good to see different small birds such as one of the Ethiopian endemic bird- Abyssinian Catbird, Starlings, Sweafts and Swallows.

*Jinba waterfall, the longest fall in Ethiopia*

From the Jinba waterfalls, we will continue to Jinba river and have a picnic near more peaceful waterfall. Then we will head to Gich village. Just before you reach Gich campsite, there is wonderful opportunity to visit one of the traditional village houses for traditional coffee and to experience the local living style (depends on your interest). After we arrive at the campsite, you have some time for snack and then head out for a short optional sunset trek up about 185m above the camp to Kedadit. On this point (3,786m), you will look 360 degree around the Simien Mountains and to the lowland mountains. Then, we will come back to the camp for dinner.

*Gich camp sunset on the top of Kedadit*

### **Day3: Gich camp – Mt. Emet Gogo – Mt. Innatye – Chenneck camp (Camp in**

## Chenneck)

In Gich campsite, the sunrise is earlier than the other campsites. After breakfast, we will climb to Mt. Imet Gogo, an incredible rocky promontory and the most spectacular view point in the Simien Mountains. This is really breathtaking view and you will never forget in your mind. 300m gentle slope take you to the summit that grants 360 degree views over the Simien Mountain range. It descends about 300m to the valley, which is the source of the Jinba river. The trekking route passes vegetated area through Festuca grassland, Lobelia plant, everlasting flower, Erica Arboria tree. Then, we will climb Mt. Innatye about 500m up to the summit passing through the jangle. You will enjoy the stunning views and terrifying vertical drop views. The views are arguably the best in the Simien Mountains. After having a picnic lunch on the top of the Mt. Innatye, the path follows mostly downhill though open grassland and Giant Lobelia towards Chenneck camp. Chenneck camp is the third camping site of the national park and is located in a beautiful valley at the foot of the Mt. Bwahit, at the altitude about 3,620m. You will encounter a number of stunning viewpoints along the way. Moreover, this area is superb for wildlife with both Gelada Boboons and Walia Ibex.

*Gich village cattle in the morning*

*Chenneck campsite, one of the best camping area*

*Ethiopian wolf around the source of jinba river*

#### **Day4: Chenneck camp – Ambiko camp through Bwahit Pass (Camp in Ambiko)**

On the fourth day, we will prepare for the longest trip so far (25km), trekking about 9-10 hours. From Chenneck camp, we will ascend 600m to Mt. Bwahit Pass and continue to Ambiko camp, which is the base camp to Ras Dejen. We will trek along the edge which descends 1,450m to Chiroleba village. Then, we follow the valley and descend down to Meshea river (2,750m). When you reach near to the river, you will see different plant species that are different from highlands, namely Ephorbia, Oliveria (Aloymacropetra). From Meshea river, we will trek to Ambiko camp. This campsite is located along the banks of a stream and in a small village. It is a project of the local church and a donation for the facilities is gratefully accepted.

*From Chenneck to Mt.Bwahit, the best spot for seeing Walia Ibex*

*Ambiko camp*

### **Day5: Ambiko camp – Mt. Ras Dejen – Ambiko camp (Camp in Ambiko)**

After a breakfast, on the summit day, we will trek about 16km for 10-11 hours. The weather fluctuates over time on the summit, therefore we will start early at 4 a.m. Ascending would be more challenging when it becomes hot. The path ascends over 1,400m to Ras Dejen. Half of the trekking route we follow is zigzag road constructed for the Beyeda town which is found south side of the summit. Just below Dejen Pass, at around 4,250, you will find impressive rocks. They are transported by a glacier and accumulated. They were formed 20,000-14,000 years ago in the last glacier age. Reaching to the summit involves an exciting and challenging climb. From the top of the Ras Dejen (4,543m), you will be blown away by the view which range more than ten thousand square kilometers. You will see the trekking route all the way to Mekelle and the route to Lalibela on the other side. From the summit, you will return along the same route to Ambiko camp.

*From Ambiko to Ras Dejen*

### **Day6: Ambiko camp – Chenneck camp – Gondar**

After breakfast, we start walking from Ambiko camp to Chenneck camp through Mt. Bwahit Peak. It is about 8-9 hours walking. The car will pick you up at Chenneck camp and we will drive to Gondar.

*Ambiko*

*From Ambiko to Mt. Bwahit Peak.*
