### Day1: Gondar – Sankaber camp via Debark (Camp in Sankaber)

We will meet you in the morning at Gondar Airport or your hotel in Gondar. Drive from Gondar to Debark, which is the headquarter town for the national park. We will stop here to get a permission to enter to the park and meet the scout. We will have tea and coffee break and visit the local market if we have time. The local market is open every day, and every Wednesday and Saturday is the big market day. From Debark town, we will drive to the park gate, which is about 16km from the town. We will drive to the first area of the national park, where we start trekking. The starting point will be flexible depend on your interest and time. You will be rewarded with marvelous escarpment and different plant species. You will most certainly encounter troops of the endemic Gelada Baboon and see them up-close. You may also see clipspringer, bushbuck, different plant species and birds species. We will continue trekking to Sankaber camp where we camp the first night.

## **Day2: Sankaber camp – Gich camp (Camp in Gich)**

After a breakfast, you will set off trekking to Gich. It is about 15km, 7 hours trek. You will trek along the edge with stunning views over the foothills 800m below. The trail passes most vegetated area in the park through low bush of Giant Heather, Abyssinian Rose, Oliveria and Globe Thistle. You will most certainly encounter troops of the endemic gelada baboons and see them up-close. You may also see Klipspringer, bushbuck, rockhyrax in the steep rocky and wooded slopes. Leopards live around here and you may have chance to spot leopard. The highlight of the trek is Jinba waterfalls, an incredible 500m sheer drop, the longest fall in Ethiopia. From the viewpoint opposite, you will see the different vultures such as Griffen Vulture, Hooded Vulture, Whitebacked Vulture, Lapped- faced vulture and Lammergayer along the cliff. Lammergayer is one of the biggest bird prey in the world and feeds bone marrow. This area is best place for lammergayer to break the bone. This area is also good to see different small birds such as one of the Ethiopian endemic bird- Abyssinian Catbird, Starlings, Sweafts and Swallows.

*Jinba waterfall, the longest fall in Ethiopia*

From the Jinba waterfalls, we will continue to Jinba river and have a picnic near more peaceful waterfall. Then we will head to Gich village. Just before you reach Gich campsite, there is wonderful opportunity to visit one of the traditional village houses for traditional coffee and to experience the local living style( depends on your interest). After we arrive at the campsite, you have some time for snack and then head

out for a short optional sunset trek up about 185m above the camp to Kedadit. On this point (3,786m), you will look 360 degree around the Simien Mountains and to the lowland mountains. Then, we will come back to the camp for dinner.

### **Day3: Gich camp – Mt. Emet Gogo – Mt. Innatye – Chenneck camp (Camp in Chenneck)**

In Gich campsite, the sunrise is earlier than the other campsites. After breakfast, we will climb to Mt. Imet Gogo, an incredible rocky promontory and the most spectacular view point in the Simien Mountains. This is really breathtaking view and you will never forget in your mind. 300m gentle slope take you to the summit that grants 360 degree views over the Simien Mountain range. It descends about 300m to the valley, which is the source of the Jinba river. The trekking route passes vegetated area through Festuca grassland, Lobelia plant, everlasting flower, Erica Arboria tree. Then, we will climb Mt. Innatye about 500m up to the summit passing through the jangle. You will enjoy the stunning views and terrifying vertical drop views. The views are arguably the best in the Simien Mountains. After having a picnic lunch on the top of the Mt. Innatye, the path follows mostly downhill though open grassland and Giant Lobelia towards Chenneck camp. Chenneck camp is the third camping site of the national park and is located in a beautiful valley at the foot of the Mt. Bwahit, at the altitude about 3,620m. You will encounter a number of stunning viewpoints along the way. Moreover, this area is superb for wildlife with both Gelada Boboons and Walia Ibex.

*Gich village cattle in the morning*

*Chenneck campsite, one of the best camping area*

*Ethiopian Wolf around the source of Jinba river*

#### **Day4: Chenneck camp – Gondar or Axsum**

After a breakfast, we will make a round trek from Chenneck camp. The path follows through the escarpment and enjoys the view of Mt. Emet Gogo (3,926 m). As long as time allows, we will climb up around the altitude of 4,000m or climb Mt. Bwahit (4,430m). You will see Walia Ibex, many different birds such as vultures and small birds, and different plant species such as evergreen and the high elevation plant Lobelia which grow above 3,600masl, everlasting flower, Erica Arboria tree, St. Johns Worttree (*Hypericumrevoltum*), and Festuca grass. In the afternoon, you will drive to Gondar or Axsum.

*Giant Lobelia, evergreen plat in the Afro  
Alpine Moorland*

*Chenneck campsite to Mt. Bwahit, the best spot for seeing  
Walia Ibex*
